

Mr. Robin Stanton-Gleaves,
Bromley Football Club,
Hayes Lane,
Bromley
Via e-mail

Dear Robin,

I am delighted to be writing to offer our congratulations on the men's first team's historic and brilliant success at Wembley on Sunday. The club and each of the thousands of supporters present did Bromley proud.

Along with the ladies' team's promotion this season, and league and cup success for the youth teams, it is fantastic to see the club succeeding and developing in all areas on the field.

Many of our local party members have been in contact with me to draw to my attention the work that you and your staff are doing through the club in partnership with the local community off the field too, which also deserves praise. The Academy and Community Sports Trust are both fantastic ventures for the club and I look forward to hearing about their continued development.

We will be calling on the Council to mark and celebrate the club's achievement in the FA Trophy competition, and I am hopeful that we will be able to celebrate further over the summer as a result.

In the meantime, we look forward to cheering on the team once again on Saturday when the bus tours Bromley town centre!

I wish you and the club all continued success and please do not hesitate to contact me if there is anything that we might assist with.

Yours sincerely,

Councillor Simon Jeal
Leader of Bromley Labour Group
